

# SLOW STICK COMBAT!

AT  
WINGS AND WHEELS HOBBIES

STARTING MARCH 16, 2010  
AND CONTINUING  
THROUGHOUT THE SUMMER.

Bring your Slow Stick to Wings and Wheels Hobbies on any Tuesday evening at 6:00 pm and be prepared to do battle with fellow modelers! No prizes, just fun on the cheap!

## Planes

-----  
*The plane must be a STOCK GWS Slow Stick except as provided below.*

*Fuselage must remain the stock length.*

*Any motor, prop, and battery combination can be used.*

*Stock wing-additional reinforcement not allowed.*

*Ailerons are not permitted.*

*Tail surfaces must be stock size and shape except they may be replaced with balsa.*

*No structures, or devices allowed on the model that could aid in the cutting of an opponent's streamer.*

*Sticky fluids or sprays are not permitted.*

*Planes will have 15 foot x 1 inch crepe paper streamers attached.*

*No leaders on the streamers will be used.*

*The streamer shall be attached to the tail-wheel wire of the plane.*

## Scoring

-----  
*The object will be to cut pieces of the streamer from the opponent's plane.*

*Physical contact is for crowd entertainment only and is irrelevant to the scoring process.*

*Planes may be repaired during a round and re-launched.*

*Longest streamer win the round.*
